

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement since the year 1959. Whether the job requires landing loads on scaffoldings, transferring loads or positioning heavy steel, using a Lull telehandler will really help make the work go easier and faster. These units are complete together with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The Lull horizontal load placement system supplies eighty inches of boom travel for precision placement capabilities. A wide range of optional attachments is available for Lull telehandlers in order to help finish any task.
