

Forklift Electrical Parts

Forklift Electrical Parts - Forklifts along with various lift trucks may have particular labels for use in certain hazardous locations. The label denotes that this certain model of lift truck meets the minimum standards of ANSI/UL 553 intended for electric forklifts or ANSI/UL 558 utilized for internal combustion engine forklifts.

The application for labels meant for lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance provider and Fire Marshall for further info regarding the approved uses of industrial powered lift trucks in your application.

If the lift truck has been proven to satisfy the outlined criteria, the following labels could be attached. A marked truck will have the type description placed on the lift truck nameplate and would have one of the following labels placed.
